

Statement by the Board of Directors Pursuant to Chapter 18, Section 4 of the Swedish Companies Act

The Board has proposed that the 2022 Annual General Meeting resolves on an allocation of profits entailing a dividend to the shareholders of SEK 1.50 per share. Accordingly, the dividend amounts to a total of SEK 681,324,450. By reason of the Board's proposed dividend, the Board hereby makes the following statement pursuant to Chapter 18, Section 4 of the Swedish Companies Act.

Profits brought forward from the previous year amount to SEK 3,156 million and the net profit for the financial year 2021 amounts to SEK 700 million. Provided that the 2022 Annual General Meeting approves the Board's proposed allocation of profits, SEK 3,175 million will be carried forward. The Company's restricted shareholders' equity is fully covered after the proposed dividend.

The Board considers that after the proposed dividend, the Company's and the Group's shareholders' equity will be sufficient in relation to the nature, scope and risks of the business. In this context, the Board of Directors has considered factors such as the Company's and the Group's historical and future development as well as the cyclical situation.

The Board has considered the Company's and the Group's position and the Company's and the Group's prospects of fulfilling their commitments in the short and long term. The proposed dividend amounts to 18% of the Company's shareholders' equity and 6% of the consolidated shareholders' equity. The shareholders' equity has neither increased nor decreased due to assets and liabilities having been valued pursuant to Chapter 4, Section 14 a of the Swedish Annual Accounts Act.

After the distribution of the dividend, the Company's and the Group's equity/asset ratios are approximately 23% and 42%, respectively. Accordingly, the Company's and the Group's equity/asset ratios are satisfactory by comparison with the industrial sector. The Board considers that the Company and the Group will be able to assume future business risks and to withstand potential losses. The dividend will not have a detrimental impact on the Company's or the Group's capacity to make further investments pursuant to the plans of the Board.

The proposed dividend will not have a detrimental impact on the Company's and the Group's capacity to fulfill their payment commitments. The Company and the Group have ready access to short- as well as long-term credits that can be drawn down at short notice. Accordingly, the Board considers that the Company and the Group are well prepared to respond to changes in regard to liquidity as well as unexpected events.

In addition to the above, the Board has considered other known circumstances that may be significant to the Company's and the Group's financial position. In this context, no circumstance has arisen implying that the proposed dividend would not appear justifiable.
