⇒ **PURCHASE OF SEWING MACHINES:**

PRDS has three tailoring centres established one each at Kothacheruvu, Bukkapatnam and Puttaparthi. These tailoring centres provide free training to women and adolescent girls in the skills of dress making. The trainees are trained in the maintenance of sewing machines, cutting the clothes, sewing, and designing. Raw material is provided to them. The entire course is free of cost.

⇒ SUPPORT TO PETTY BUSINESS:

As a part of promoting economic independence among the women, PRDS has identified 10 women in Kothacheruvu village, and have supported them with an amount of Rs.10,000 each. This is an interest free loan cum investment for them.

These women have started petty income generation activities like running petty shops, saree business, fruit vending, vegetable vending, flower vending activities by utilizing this amount provided to them. Otherwise these women have to take advance amounts on a daily interest basis, with high interest rates ranging from Rs.5 to Rs.10/- per hundred per day.

With the provision of an amount of Rs.10,000 per women, these women have stopped taking such loans, and now they are saved of paying such high interests, and utilize the entire earning for their family, and repay the amount into their groups @ Rs.1000 per month. This amount so pooled is again used by the women for improving their business or to support a fellow women in their village or in other villages so that the other family also gets a chance to develop and strengthen economically.

These women are now very happy with this support and have expressed their gratitude to PRDS and Keu International Private Limited, which has helped them to get rid off from the clutches of the high interest extracting money lenders.

On 16th September, 2022, with the support of **KEU International Private Limited**, Sonipet, and **Francesco Tamma - Love in Action**, PRDS organized tree planting drive in AP Model school and **KGBV in Jagarajupalli**. As a part of this program coconut trees and Lemon trees were planted in the school premises. Followed by these coconut trees were planted in Kasturiba Gandhi Girls School also.

Mr. Ramesh, the Principal of the school, told that If we protect trees, they, in return, will protect us. He advised the students not to cut the trees.

Mrs. Angela Dickson addressed the students and said that trees give us oxygen to breathe and shadow to take shelter underneath them. They also give us sweet fruits within turn, promote our health as well. So it's our duty to plant trees and protect our environment.

On this occasion, a few students also shared their views, and they said that trees remove carbon dioxide from the air and give us oxygen to breathe. Hence, there is a need to protect trees so that they can protect the world.
